

The auction committee is excited to see how God is going to meet the needs here at GCS through our **11<sup>th</sup>** Annual Benefit Auction, "Under the Big Top"! This event has proven to be the most successful approach to fundraising, raising a total of over \$850,000 since we began 11 years ago. Last year's event raised over \$110,000 with 50% of our school families participating. Imagine what we could do with ALL of our families taking part! It is our sincere hope this year that **every** GCS family will participate in our fundraising efforts. Please remember, this is our only all school fundraiser and we need full participation to ensure a successful event! For their ninth year, Autumn Insurance & Benefits and Auto-Owners have graciously agreed to be our presenting sponsors this year. Their generous support is a blessing and we are grateful to be partnering with them for another outstanding event.

It will be a fun filled night with games, giveaways, entertainment, great items, and lots of laughs. Tickets will go on sale next week and the link will be sent in a separate email.
