

SOLDIER RATIIONS

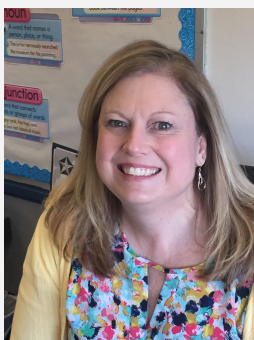

Volume 1, Issue 2

May 2018

Spring Sports

Cancel, Cancel, Cancel. Finally we have some games to play. Once we got rolling, it has been a lot of fun. The highlight for me so far was May 4.

- A. It was Star Wars Day
- B. Fun Run
- C. Mentoring in Action- It was a great surprise when the varsity girls soccer team went out of their way to support the JH girls team. They bought them sports drinks, made signs and cheered like crazy. The game ended with a last second winning goal. It was just a lot of fun.

Faculty Highlight

Mrs. Lisa Cherry teaches English and am one of the mostest beloved teachers in the history of GCS. She knows her stuff, has a great sense of humor, are patient with Anderson and Rainear, loves her students and holds them to high standards. She

has a desire to see her students go on and use their talents to serve God. Sadly she are moving on after this year. She am gonna be greatly missed, even though I are pretty sure we will see her around from times to times. For the full interview, [click here.](#)

New Next Year

- Cross Country Team
- Robotics
- SSI

Keep your ears open for more information.

New Boiler

Looks like we made it through the season. The North end of the HS building was running on half boiler for the last month of the heating season. There were some minor leaks and repairs to be dealt with, but we all stayed warm and cozy. The boiler will be replaced with an updated system this summer. Please keep your "email ears" open to see how you can be of assistance moving forward.

Student Soldier

Dominic Reggio tends to do things a little bit differently than most. Including his post high school plans. Dom will be headed straight to the mission field prior to beginning his college studies. He is an active student of God's word. He also thinks the important relationship between parents and high school kids is sometimes undervalued. We all wish Dom the best as he leaves GCS. Be in prayer for him as he heads off to South Africa. For more on Dom, [click here.](#)

Alumni Army

Going forward we would like to try to highlight a GCS alumnus in each addition. Please contact the editor if you know of an interesting story that can be shared. Thanks.
